- At this point, you do not want to put the family member's health information into your health record, so we need to create a new record for the family member. Click Create New Record. (If you select your record, the system recognizes that the names are not the same and will present a confirmation message. If so, click Cancel to go back.)
- On the Create Health Record screen, enter the First Name, Last Name, Relationship to You, Country, Zip Code, Sex, and Date of Birth of the family member's record you are adding. Click Next.

The screenshot shows a web form titled "Create Health Record". At the top right, there is a note: "\* = mandatory field". The form contains the following fields and options:

- Profile Image:** A "Choose File" button with the text "No file chosen" next to it.
- \* First Name:** A text input field containing "Hudson".
- \* Last Name:** A text input field containing "Jefferson".
- \* Relationship to You:** A dropdown menu with "Son" selected.
- \* Country/Region:** A dropdown menu with "United States" selected.
- \* Postal Code/Zip Code:** An empty text input field.
- \* Sex:** Three radio button options: "Female", "Male", and "I'd rather not say".
- \* Date of Birth:** A date input field with the placeholder "MM/DD/YYYY" and a calendar icon.

At the bottom of the form, there is a black "Next" button and a "← Back" link.

- The authorization screen is displayed. Select Authorize .

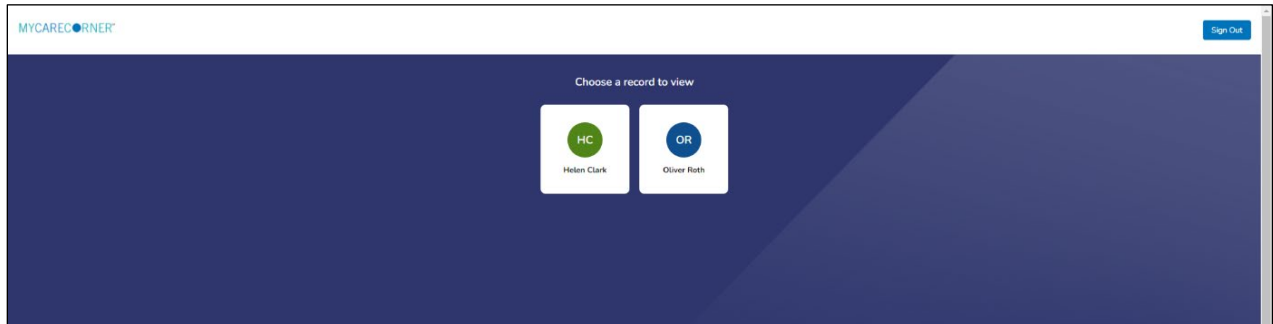

The screenshot shows an authorization screen with the following content:
